Work History

Software QA Tester-Magicflare Software Services LLP-Pune- From 17/08/2023- Current

Project Title : HRMS

Description :

- Recruitment tracker is a comprehensive tool designed to streamline the hiring process and facilitate efficient candidate selection for company's specific resource requirements (RR). The tracker incorporates various features that enable the HR team, HR managers, and interviewers to collaborate effectively and manage the recruitment process seamlessly. The tracker provides a centralized platform for managing and tracking the progress of each candidate throughout the hiring process. As applications are received, Managers can record the details of each candidate in the system. This includes their contact information, resume, cover latter, and any addition documents submitted during the application

Roles & Responsibilities:

- Understanding the current requirement of the project.
- Prepare the test case.
- Execute the test cases to validate customer requirements.
- Involve in review test cases.
- Sending the regular status to the higher authorities in timely manner.
- Retesting on Bug's fixed and performed Regression Testing.
- Test the end-to-end test scenarios.
- Bug Tracking & Prepare Bug Report Document.Excellent in coordinating with seniors and taking orders

.
